My dear Dr. Palep,

I am glad that I volunteered to try out Collasyn for myself after our Research Society meeting at J.T.

I want to let you know that I have been regularly taking 2 tablets daily. I have no ill effects from the tablets whatsoever.

I just now drove (2 times in the last 3 months) about 5,000 Km in South India in my convertible 2-seater Mercedes SLK. I was alone for 2 weeks each trip, with my music & conducted my holidays without any health problem taking 2 tab. daily on the trip. I would put my success to the tablets, the car or my own constitution.

I will continue to take the tablets as none of my parameters have deteriorated. I feel they are the same or improved.

With personal warm regards,

Bomsji Wadia
