Reg No. A-241/2005

I have been using combination of Gynocare Capsules and Diopal Tablets for my Patients suffering from PCOD. I have been using these products for more than 2 years.

What I have observed is that, the combination of these two medicines gives excellent results with patients suffering

from PCOD and the results can be seen within 4 to 6 months. The US Scan taken before and after proves that this combination gives very good results in cases of PCOD.

Also Gynocare given without Diapal combination has been giving me good results in cases like Menorrhagia, Dysmenorrhoea and in Amenorrhoea.

I would definitely recommend this product in all types of PCOD.
